Frequently Asked Questions

What does No Downpayment and 0% interest mean?

No downpayment means that you do not have to make any upfront payment for the laptop. Typically when you lease an item, you have to pay a percentage down (say 40%). In our case, you do not have to do this.

We also do not charge any interest on the scheme. The laptop price is divided into twelve (12) equal installments and that is what you pay per month. There are no hidden charges or facility fees or other payments that you have to make.

What should I do, if I want to purchase this laptop.

Please visit any of the PC Outlet locations in Victoria Island or Lekki (See addresses below) with the completed form in this flyer. Alternatively, you can take the completed flyer to any Skye Bank nationwide.

PC Outlet will arrange delivery of the laptop anywhere

within the country once the application is completed at any SkyeBank or alternatively you can arrange for collection at any of our stores.

When does the promotion end?

The promotion ends on February 28th 2008 or while stocks last. Institutions looking to do bulk purchases or leases should contact our customer service manager directly for the processing of the purchase.
